

Rory

4 month old female lab-
shepherd mix

Spunky ~ Friendly ~ Smart

Rory is a playful and energetic little girl who came to us when her owners were unable to care for her. She is spunky and happy and loves to play with other dogs! Rory is just a few months old and would benefit from puppy classes with her new family. She is doing well with housebreaking and kennel training but may still have occasional accidents especially in a new home. Rory loves to dig and would appreciate a sandbox or other designated digging area so she doesn't re-landscape the yard. Rory is learning about clicker-training and thinks training is super fun especially when there are treats involved!

If you are interested in adopting Rory, please visit www.grrf.org to fill out an application, or call us at 907-479-5577 if you already have an application on file.
