

Stevie

1 year old male terrier lab mix

Quirky ~ Affectionate ~ Happy

Stevie is partially blind which causes him to have occasional barking fits at the shadows he sees. He is looking for a foster or foster-to-adopt family who can care for him while awaiting potential corrective eye surgery. Stevie is crate trained and has learned to walk well on leash. He gets along with most other dogs and is very affectionate towards people!

If you are interested in adopting or fostering Stevie, please visit www.grrf.org to fill out an application, or call us at 907-479-5577 if you already have an application on file.
